

# Syphilis ECHO

8-week Cohort, Launching 5/24, Noon to 1 p.m. MT

The Syphilis ECHO program is designed to help address the syphilis epidemic in New Mexico and across the United States. Syphilis is surging and providers need up-to-date knowledge for diagnosis, staging, treatment and prevention to more effectively slow this epidemic. Please join our network to be part of the solution to this emerging public health crisis.

## Hub Team and Guest Speakers

- Jessica Leston, MPH
- Jorge Mera, MD
- Jonathan Iralu, MD
- Karla Thornton, MD
